Our Wellness Plan for Adult Cats (up to 7 years of age) is a cost effective way to help ensure your pet is cared for and that any signs of illness are caught early. Cats age quickly so it's important to have your pet checked regularly throughout his or her lifetime.

Annual exams and wellness examinations are the best way to prevent disease and detect early signs of illness in your cat. Your pet is important to you and preventative health care is key to a long and healthy life. See back for a full list of inclusions.
