Our Wellness Plan for Senior Cats is a cost-effective way to ensure your older cat has all the preventative care he or she needs. As your pet is now considered a senior, it is natural that they are more susceptible to senior cat issues starting to develop. Twice yearly wellness examinations are key to help prevent disease and have early illness detection. We know your cat is important to you and preventative health care is even more important as your pet ages. See back for a full list of inclusions.

We offer after hours emergency services through our Campus Estates Animal Hospital at 519-837-1212
