Our Wellness Plan for Senior Dogs is a cost-effective way to ensure your older pet has all the preventative care he or she needs. As your pet is now considered a senior it is natural that they are more susceptible to senior dog issues starting to develop. Twice yearly wellness examinations are key to help prevent disease and have early illness detection. We know your dog is important to you and preventative health care is even more important as your pet ages. See back for a full list of inclusions.

**We offer after hours emergency
services through our Campus
Estates Animal Hospital at
519-837-1212**
